Matlab,Multism

LANGUAGES
English, Telugu, Hindi

Relevant Courses

Deep Learning Theory
Operating Systems
MySQL
Web-development

Work Experience/Projects

2024-MAY **Intern at Celebal Technologies** Summer Intern
Topic: React JS
I developed and enhanced web applications using React.js, collaborating with a team to implement responsive, user-friendly interfaces with React hooks and state management. My responsibilities included writing clean code, debugging, optimizing performance, and using Git for version control, which strengthened my front-end development and teamwork skills.

2023-NOVEMBER **Embedded Systems** Mini Project
Topic: Heartbeat Measurement Using 8051 Micro Controller
This project aims to showcase the integration of sensor interfacing, analog to-digital conversion, and basic display functionalities within an embedded system.

Achievements/Certifications

2021 **JEE ADVANCE**
JEE Advanced, Secured CRL 17000 among 0.2 million candidates.

2021 **JEE MAINS**
JEE Mains, Secured CRL 14000 among 1 million candidates.

2022-OCTOBER **Matlab Training course certificate**
completed MATLAB Onramp self-paced training course

Extra Curricular Activities

2023 **Core team member of First Aid Team** Vriddhi,Sports Fest

- I interviewed and selected 15 volunteers for smooth conduction of fest.
- I made a list of every piece of gear needed for every sport and purchased everything.
- I make sure all of the volunteers are productive and trained in handling emergency circumstances.

2022 **Manager of the event management team** Vriddhi,Sports Fest
I successfully managed 3 sports events, coordinated 20 volunteers across all teams, and promptly resolved any issues that arose.

2022-2023 **National Service Scheme** NSS
I have been part of the youth organization and attended several camps that aim to enhance the needy their standard of living and lead a life of dignity.
