Skills

GENERAL PROGRAMMING

C++, Python, JavaScript, SQL

WEB DEVELOPMENT

React JS, Node JS, MongoDB, Express JS

Next JS, Prisma, AWS (familiar)

SOFTWARE

AutoCAD, RocScience, MATLAB

ANALYTIC

MS Excel, Power BI, Tableau

Python, SQL

LANGUAGES

English, Hindi, Odia

Relevant Courses

Data Structures and Algorithm

Full stack web development

MySQL

System Design(familiar)

Experience

MAY-JULY 2024 **Mylamp.ai**

Web developer

Worked as a web development intern on an edtech platform, leveraging Next.js for front-end development, NextAuth for secure user authentication, and Prisma for efficient database management. Contributed to building a scalable, robust application aimed at enhancing educational experiences and accessibility.

MAY-JULY 2024 **Girlsript Summer of Code**

Contributor

Participating in GSSoC 24, contributing to open-source projects by developing and enhancing software solutions. Engaging with the developer community to collaborate, learn, and implement industry best practices.

Projects

2023-NOW **CollegeMart**

Github

Developed Collegemart, a marketplace for college students to buy and sell items, using the MERN stack (MongoDB, Express.js, React, Node.js). Focused on creating a user-friendly interface and efficient backend to facilitate smooth transactions and enhance campus connectivity.

2023-NOW **Shopsy - a fashion app**

Github

A dynamic React project enabling users to browse and manage product listings, utilizing React Redux for state management and leveraging various React hooks for enhanced functionality and fetching all the data using API integration. Implemented features for adding/removing items from the cart, delivering a seamless user experience.

Extra Curricular Activities

APRIL 2023 **Co-ordinator, Technical Team**

MINARE

I have led a team for the Annual Cultural Fest of the Institute, where my responsibilities included creating a responsive website with smooth user experience and loads faster. We used HTML, CSS, and Javascript for front-end development and node.js for back-end development.

MARCH 2023 **Co-ordinator, Management Team**

Nitrutsav

Here I have led a team of volunteers for the Annual cultural fest of the institute. During the fest's preparation period, we discussed the events that could be conducted and successfully we could conduct them. During the fest, we have to enquire about the smooth ongoing of every event.
