## Projects

**2023 Greater Win** **Project**  
Built a two-player game using HTML, CSS, and Javascript where a player who first reaches the first 100 points wins the game, a player has to roll a die if he gets 1 then his points are reset.

**2023 Bankist** **Project**  
The webpage includes sections for features, operations, testimonials, and a sign-up form for opening a bank account. It features minimalist design elements, including a clean layout, concise text descriptions, and subtle animations. Users can navigate the site using a responsive navigation bar, and there's a modal for account registration. The page is adorned with stylish icons and images to enhance visual appeal.

**2024 Travel List** **Project**  
The WebApp app features a simple and intuitive interface where users can effortlessly manage their packing list. A form at the top of the page allows users to add new items to their list. They simply type in the item name and hit enter, triggering an update to the list, the app efficiently manages state using React's state management capabilities.

## Extra Curricular Activities

**2021-2022 Volunteer, National Service Scheme** **NSS**  
Actively Participated in volunteering for social activities like Blood Donation, student Tutoring, mentoring, cleaning camps, etc.

**2023-2023 Coordinator, Mrityika 2.0**  
Contributed as a content team member of the event, also managing the event.
