Project & Work Experience

JANUARY 2024 **'Unicorn Company Analysis' project.**

This project explores data-driven strategies to evaluate the success factors of unicorn companies. Dive deep into financials, market trends, and operational metrics, utilizing statistical methods for impactful insights. This project empowers data analysts to decipher the secrets behind unicorn success, offering valuable perspectives for strategic decision-making in the dynamic world of high-growth enterprises

SEPTEMBER 2023 **Virtual Internship at Lullemon.**

Through this virtual internship, I gained experience on marketing along with that I gained skills on Creative Thinking, Project Management, Strategic Analytical Thinking, Written Communication, Product Development

APRIL 2022 **E commerce sales analysis**

This project uncovers trends, customer behavior, and sales patterns using advanced analytics. Harness the power of data to optimize product offerings, pricing strategies, and marketing campaigns. This hands-on project equips data analysts with the skills to extract actionable insights, enhancing decision-making and driving success in the competitive e-commerce landscape.
