Work Experience/Projects

JUNE 2024 **Parking Monitoring System** **Project**
Created a web-based parking monitoring system featuring parking slot availability display, route finding, and vehicle management.

Utilized HTML, CSS, JavaScript for the frontend, Node.js for backend logic, and MySQL for database storage; integrated SMS notifications.

Designed and implemented a wallet system for payments (not yet activated), ensuring future seamless transactions.

2023-2024 **Dynamic Multi-Page Website** **Website**
Developed a responsive website ensuring optimal user experience across various devices and screen sizes.

Utilized CSS media queries and flexible layout techniques to create a visually appealing and functional design that adapts seamlessly to different platforms.

Implemented interactive features using JavaScript to enhance user engagement and provide a dynamic browsing experience

Achievements/Certifications

2023-2024 **C++ certificate** **Udemy**
Received certification for completing a course on C++.

2023-2024 **Best Food Stall** **Winner**
Awarded for outstanding food quality, presentation, and customer service at Cosmo Fest, NIT Rourkela.

Extra Curricular Activities
