Skills

LANGUAGES

Java, JavaScript

BackEnd Tech

SpringBoot, Node.js, Flask

DATABASES

MySQL/PostgreSQL, MongoDB

FrontEnd Tech

React, HTML, CSS, TailwindCSS
Next.js , Redux.js

SOFT SKILLS

Communication, Problem Solving

Coursework

Data structure and Algorithm (Java)
Object Oriented Programmings (Java)
Full-stack Web Development

PROJECTS / EXPERIENCE

JAN - APR 2024 N6T Technologies Internship Internship

- Collaborated with a team of engineers to build a revolutionary product in the healthcare sector to streamline hospital operations.
- Constructed the operation dashboard for administration and admins with a seamless user experience and precise development.

MERN, ReduxJs, TailwindCSS

JAN 2024 Social Chat App | Link Self project

- Developed and implemented a social media chat application (like Threads and Twitter) based on full-stack development, real-time communication, and user-centric design.
- Leveraged cutting-edge technologies like authentication, webhooks (using Clerk), and the latest Next.js to ensure scalability, security, and a seamless user experience.

Repository | Link

NextJs, TypeScript, Mongoose , TailwindCSS

JUL 2024 E-commerce using Spring-Boot | Link Self project

- Developed a full-fledged e-commerce web application using Spring Boot. This project incorporates Hibernate for database management, enabling automatic table creation. Features include an admin dashboard, product listings, customer management, and secure authentication.
- Skills: Java, Spring Boot, Hibernate , MySQL, REST API

Achievements / Certificates

2023-2023 MLH Hackathon | Link Winner

Winner of MLH Status code 0 Hackathon by creating a project on the topic "AI in Healthcare"

2023-2023 HacktoberFest Completed

Completed by successfully merging 4 pull request

2023-2023 Postman Fundamental Student Expert Certificate Link

2022-NOW Certificate of Excellence - Node.js Certificate Link

2022-NOW 3 star at CodeChef and Knight at Leetcode Achieved

Extra Curricular Activities

DEC. 2022- PRESENT | Technical Team Member
OPENCODE | Open source and Cyber security club |

OCT 2022- JAN 2023 | Web Developer
COSMOPOLITAN | Multi-Ethnic Fest |

MAY 2022- PRESENT | Web Developer
CYBORG | Robotics and Automation Club |
